

# Vee Interests LLC

## Non-Metallic Machining

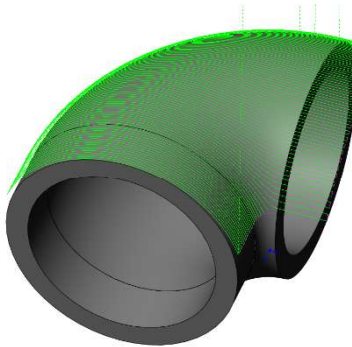

### Overview

Vee Interests machines a variety of thermoplastics in all different shapes and sizes. Our CAD/CAM assisted shop can produce parts tolerances within .001"

### COMMON MATERIALS

- PVC/CPVC
- Polypropylene
- Polyethylene
- PEEK
- NYLON
- PVDF

### INDUSTRIES SERVED

- PetroChemical
- Subsea
- Pharmaceutical
- Power Generation
- Semi-Conductor
- Water Treatment
- Renewable Energy
- Aerospace
- Refining

### CAPABILITIES

- In House Design
- Large scale 3 & 4 axis machining
- 26" Turning capacity
- Milling and routing on 48.00 x 96.00 Footprint
- 30+ years' experience in Thermoplastic machining
